

Manse Soura — Senior Systems & Cloud Architect

Contact: contracts@vctracoresystems.com | (254) 216-0899

Summary - Senior systems engineer and cloud architect with 8+ years of experience in enterprise infrastructure, cloud migrations, DevSecOps, and operational engineering. Military background with strong process discipline and recent work on production AI systems and secure cloud platforms.

Experience

UMB Financial — AI/ML Developer / Architect Jan 2026 – Present - Lead architect for conversational AI systems using Amazon Bedrock and SageMaker. Designed secure data ingestion, RBAC, observability, and production deployment pipelines. Coordinated cross-functional teams and documented runbooks and incident response procedures.

AWS Cloud Engineer Jun 2020 – May 2025 - Implemented cloud infrastructure and automated CI/CD pipelines for enterprise customers. Led secure IaC (Terraform/CloudFormation) and hardened baseline configurations for regulated workloads.

Oracle / Cerner — SRE / Systems Engineer Jan 2018 – May 2020 - Operated and supported large-scale enterprise environments, database tuning, middleware integration, and high-availability architectures.

U.S. Army / Missouri National Guard — 92F Petroleum Supply Specialist Nov 2015 – Jan 2022 - Leadership, logistics coordination, and disciplined execution under austere conditions.

Education - MS, Big Data Analytics & Information Technology — [Institution] (date) - BS, Mathematics & Statistics — [Institution] (date)

Certifications - CISSP (in progress) — expected [date] - AWS Certified Solutions Architect — Associate - CompTIA Security+

Key Skills - Cloud: AWS, AWS GovCloud, Azure, GCP - DevSecOps: CI/CD, IaC (Terraform), containerization (Docker, Kubernetes) - Security: NIST SP 800-53, FedRAMP, Zero Trust, vulnerability remediation - Languages/Tools: Python, Terraform, Docker, Kubernetes, Git, Jenkins

References and detailed POCs available on request.
